

## Multisol Limited and Multisol Europe Limited Environmental Policy Statement

Multisol Limited and Multisol Europe Limited (Multisol) market and distribute chemical and oil based products, and offers toll processing, blending, storage, procurement and technical development services. These products are key materials in many sectors of the manufacturing industry. Multisol commits to achieving the highest standards with regards to environmental matters arising out of its activities.

All managers, employees and contractors have duties and responsibilities under this Policy; and in order to ensure these are met, regular reviews of environmental performance will be carried out. Multisol recognises that protection of the environment requires its commercial activity to be conducted in a sustainable manner.

Multisol has acknowledged these responsibilities by publishing an Environmental Policy, and is committed to implementing the actions stated in this Policy. In order to achieve this objective, top management accepts ultimate responsibility and strives to incorporate environmental goals into Multisol's strategic business planning.

Using a comprehensive integrated management system incorporating ISO 14001, our activities take into account the needs and expectations of customers, employees, suppliers and other interested parties.

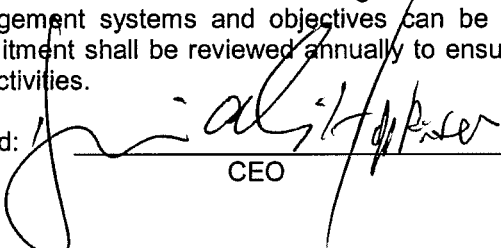

Multisol will strive to adopt the highest Environmental standards in all areas of operation, meeting and exceeding all relevant legislative requirements, and meet the following Environmental objectives:

- To comply with current relevant legislation and regulatory control, including applicable codes of practice and industry standards.
- Minimise waste through careful and efficient use of all materials and energy.
- Source our materials from like-minded suppliers.
- Continually improve our environmental performance.
- Reduce our energy use by increasing energy efficiency in our operations.

This system is actively managed to ensure that it is meeting the above objectives by:

- Total commitment and involvement of all staff through training and clearly identified responsibilities.
- Periodically assess and review our company activities and identify areas where we can minimise impact.
- Regular audits and reviews to monitor performance and the effectiveness of the systems.

This commitment and the performance levels are endorsed by Multisol's Board of Directors who shall allocate sufficient managerial and staffing resources and funds to ensure the management systems and objectives can be effectively developed and progressed. This commitment shall be reviewed annually to ensure it continues to reflect Multisol's objectives and activities.
